

Diocese of Charlotte - List of Synodal Conversations (Last update on March 11, 2022)

Here is a list of the parishes, groups, and diocesan offices that are working with Dr. Alessandro Rovati, the diocesan Contact Person for the synod, to organize synodal conversations in their communities. The list will be updated periodically as new parishes and groups join the synodal process.

If your parish or group is listed below, make sure to check its website and announcements to find out when the synodal conversations are happening.

If your parish or group is not listed below, please encourage its leadership to reach out to Dr. Rovati at synod@rcdoc.org so that it may receive help in organizing synodal conversations for its community.

Because one of the synod's goals is to allow people to encounter one another and grow in faith and unity together, everyone is encouraged to participate in the synodal conversations that are happening in his or her community.

If participation in such gatherings is not possible, though, people may submit individual contributions to the synod via this online survey:

<https://www.surveymonkey.com/r/RCDOC-SynodIndividualSurvey>. All personal responses will be considered when the diocese writes a final report describing and reflecting on the diocesan synodal journey.
